introduction

AHF is home to the wolves & many other rescues, a non-profit organisation registered in 2016 with the ultimate goal to educate the public on exotic wildlife & the fact that these animals are not pets.

- Making the animals habitats as natural as possible
- Ensuring the animals are safe & looked after
- Ensuring a better life for all animals & our wildlife
- To become a world renowned sanctuary globally

Public visits & educational tours are available at the facility, allowing one to meet the wolves & other animals who are homed at the sanctuary.

general information

Founders Lexi Austen and her husband Ronnie have always had special interests in animals and animal welfare. Having been informally involved in rescue and rehabilitation for years, it seemed only natural to open their own organisation.

A small team of passionate and skilled individuals are involved in the running of the foundation, ensuring that the foundation's needs are met.

All Hearts Foundation (174-118 NPO) is a South African Non-Profit organisation, situated in Hartebeespoort. We purely run off donations, love and dedication to rescue and rehabilitate all animals in need, as well as feed and clothe the homeless. We strive to educate and help wherever we can. A small team of passionate and skilled individuals are involved in the running of the foundation, ensuring that the foundation's needs are met.

Registered in August 2016 with the South African Department of Social Development, the organisation has been assisting with numerous causes such as; feeding and the catch and spaying of feral cat colonies (an ongoing cause), AHF have also re-homed and rescued numerous dogs and cats as well as assisted with medical treatment of numerous farm and wild animals.

However, the foundation does not just focus on animals, the beauty of All Hearts Foundation is that we consider all causes, whether it be a human or animal, any loving creature, All Hearts Foundation is there, helping all with a Heartbeat.

We have been issued with our section 18A tax exemption certificate. Our PBO NO is: 930060076. We thank you SARS and we look forward to companies coming on board and supporting us.

Shimbungu's Story

The famous Shimbungu;

Shimbungu was rescued in Namibia and brought to All Hearts Foundation. He was hit by a taxi and the relevant treatment was not given to him by his previous owner. Due to this, he is semi paralyzed and we hope he will walk again on day.

Spirit's Story

Spirit the Malamute;

He was thrown into a river with both his front & back paws tied up & left to die. He was emaciated & had a severely injured front paw, that almost had to be amputated.

All Hearts Foundation is home to numerous rescue cats. we also look after feral cat colonies and run TNR (trap, neuter, release) programs. in order to continue with this cause, we encourage you to sponsor a cat.

monthly running costs

animal dietary needs & veterinary care

Below is rough list of what is needed monthly at the foundation to feed the mouths and care for all the fur children here at AHF:

- Dog food (we go through 10kg of pellets a day) and Dog Tinned Food
- Cat food (20kgs a week) and Cat Tinned Food
- Chicken food
- Lucerne bales
- Grass bales
- Raw meats (anything except pork) and all unspiced meats
- Mixed bird seed
- Shampoo for dogs
- Carrots, apples, sweet potatoes and other veg for our pigs, sheep and horse
- Clothes for adult males (our staff)
- Funding is always needed for the following as well: Staff wages; Rent (essential to pay in order to keep the animals safe and to keep a roof over their head) - without paying our rent of R15,000 per month, we stand at a great risk of losing the foundations home. COVID19 has unfortunately set us back immensely, and financially we are at risk. We have outstanding vet bills too. Funds towards our costs of the sanctuary are always needed.

how you can help

donate – every bit helps!

As we are an NPO, we rely solely on the kindness of our supporters! We have huge overheads and monthly running costs. We encourage everyone to consider scheduling a monthly donation towards the organisation. If everyone of our followers donated R10 monthly, it would go a very long way! We appreciate and welcome all donations to help us reach our goals and give the animals we rescue the best life possible!

Your donations go towards monthly running costs (food, water, electricity, rent, staff wages, enclosure improvements, treatments for the animals, bedding and shelter for all animals and enrichment), emergency VET care, improvements around the farm and to rescue animals in need. It also helps us give back to the community, people in need and also look after feral cat colonies.

sponsor an animal

For R300 a month, you can sponsor one of our beautiful animals

Sponsor one of our gorgeous animals for R300 – either once off or monthly. Your sponsorship will go towards their food, upkeep and vet bills. Your support is greatly needed!

If you do decide to become a monthly sponsor of an animal, we would kindly like to ask, if there should come a day for you to be unable to continue with the R300 monthly sponsorship, that give us a months notice of 'cancellation of sponsorship'. We allocate incoming funds accordingly each month in our budget review, and should your contribution not be available anymore, we need to relook at our budget, which is very tight.

How do you become a sponsor? It's easy! Visit our Faces Of All Hearts Foundation page, choose one that speaks most to your heart and let us know that you would like to sponsor him/her. You can either WhatsApp Lexi: +27 72 873 3881 or send her an e-mail at lexi@allheartsfoundation.co.za.

#saveourhome

We are calling on all investors and sponsors to invest in our animals future

We are in a very unfortunate situation where all our animals stand a chance to lose the home they have come to know and love and find security and happiness in. We have until April 2022 to secure R3.8 million (ZAR) to buy our current property. If you can help us do so, please get in contact ASAP - time is swiftly running out.

supporters & visitors quotes

“

“Amazing people doing an outstanding job. Bring your whole family and support a good cause”

~ Daniel Neethling ~

“Spent the most amazing day at All Hearts Foundation with the most incredible humans I have ever met, Lexi and Ronnie. I have a massive wolf tattoo on my leg for a reason, these animals have a special place in my heart and I reminded why today. With my background I am wary to venture to any animal foundations but today my heart exploded with happiness. Lexi and Ronnie showed me that I am not the only person in this world who loves animals more than anything, their desire to love, support and care for their babies including their rescue dogs was just so overwhelming. If you get a chance please go visit them and if you can't please donate to their worthy cause.”

~ Michelle Roberts ~

“The most humble people you will ever meet. The love for their animals and their passion is like no other! Their tours are educational as well enlightening into how these wolves were rescued and how they are being kept. Thank you Lexi and Ronnie!”
